About the University

Sri Venkateswara University, Tirupati was established in 1954 on sprawling campus of 1000 acres with a panoramic and pleasant hill view. This University stands as testimony to the wisdom and foresight of great visionaries Late Sri Tanguturi Prakasam Pantulu, the then Chief Minister of Andhra Pradesh and Late Sri Neelam Sanjeeva Reddy, to cater the educational needs and aspirations of the people of Rayalaseema area. The University has grown excellently from strength to stature over the past Seventy years, as premier institute of higher learning under the able and committed leadership of successive Vice-Chancellors starting from Prof. S. Govindarajulu to the present Vice-Chancellor i/c Prof. Ch. Appa Rao. Presently, the university is accredited with NAAC A+ Grade.

About the Department

The Department of Botany was established in the year 1959 under the Stewardship of Founder Prof. I. Madhusudhan Rao with a regular Post Graduate program. Subsequently, with the able leadership of Prof. V.S. Rama Das, the Department was recognized as a strong centre for Plant Physiology both at National and International levels and became one of the International centres for photosynthesis research and later Medicinal plants research under UNEP program.

About Tirupati

Tirupati is known as the temple town and claims its place among one of the spiritual cities in the world. The city is known for the world famous Sri Venkateswara Swamy Temple and other historical places. Tirupati is a unique place with several diversified Central and State Universities and Institutes like IIT, IISER, National Sanskrit University, Vedic University, SVIMS, S.V. Veterinary University, S.V. Agricultural University, Sri Padmavathi Medical College, and Sri Padmavathi Womens University. Weather in April would be pleasant and peaceful. Temperature will be around 24°C-35°C.

About the Conference:

International Conference on Traditional Medicine Integrating Modern and Natural Therapies is a global platform dedicated to explore the role of traditional medicine in modern healthcare systems.
